"to recruit, screen, orient, place, evaluate, or train...or any other way involve such agencies"

Ensure that the internship program is full-time

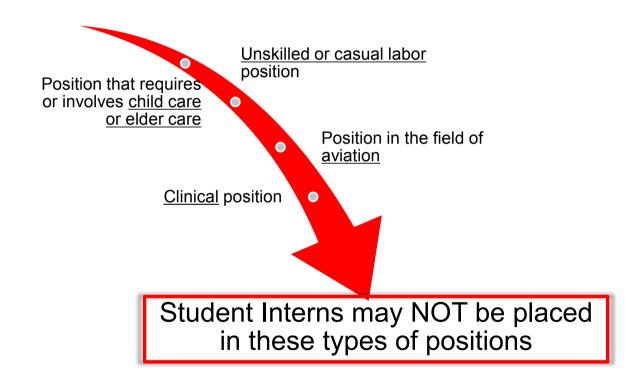

Minimum 32 hours per week

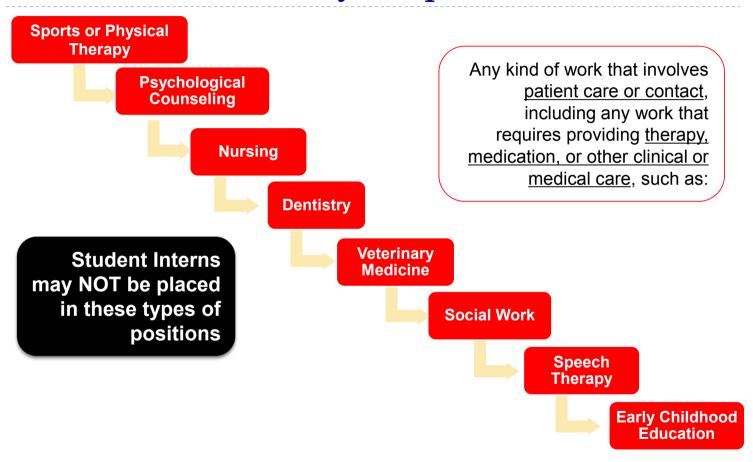

Ensure that the internship duties are not more than 20% clerical work

Provide ongoing supervision by a Midwest Facult Mentor and others, as applicable

Complete a Final Evaluation of Student-Intern and send document to MIRI

If 6 months or longer, also complete a Mid-point Evaluation and send to MIRI

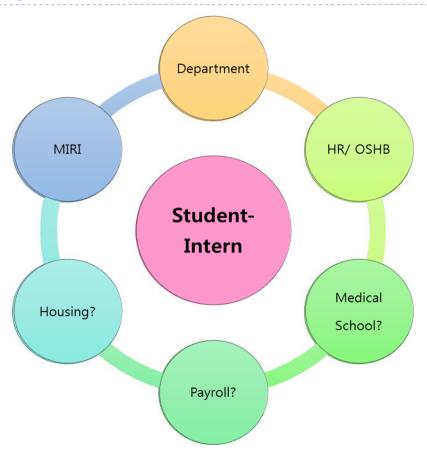

What is SEVIS?

Student & Exchange Visitor Information System (SEVIS) is an electronic reporting system that provides the U.S. Department of Homeland Security (DHS) with information on international students and scholars in the United States who hold F, J, and M visas. Every school, college and university that admits students or scholars on F, J or M visas is mandated to use SEVIS.

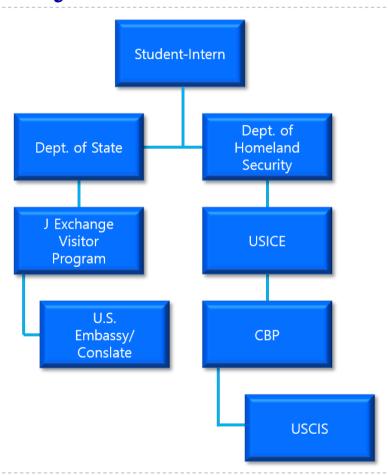

SEVIS

- Processing the DS-2019, reporting program changes (i.e. dates, funding, etc.), and other visa related issues are performed within SEVIS.
- ▶ Enter, issue, and revise the DS-7002, Training/Internship Placement Plan.

Phase Information

- Specific to this phase, if there are 2 or more phases
- Start Date and End Date of the phase
- Phase dates must cover entire Internship (dates on Page 1)
- Student-Intern's role
 - How does this internship (or phase) complement the Student-Intern's academic program at home?

- 24. Specific Goals and Objectives for This Phase:
 - This section must illustrate what will be learned by the Student-Intern. What must happen in order for this phase to be completed? What must happen before the Student-Intern can move on to the next phase, if applicable? A publication or a thesis can be an objective.
 - Example 1: The objective of this internship is to provide the Student-Intern with research experience that will be used to complete the requirements for his Master's degree in Molecular Bioscience at X University. We will train him in multiple techniques relevant to cell biology, molecular genetics and biochemistry. By the end of his training, he should be familiar with interpreting data from multiple experiments and developing hypotheses for further testing
 - Example 2: Specific tasks will include statistical data analysis, literature reviews, manuscript drafting and revision. Emphasis will be placed on data analysis. The Student-Intern will learn how to write a scientific report for publication in a peer reviewed medical journal and will acquire: User-level knowledge of epidemiologic study design; Basic user-level knowledge of statistical techniques for the analysis of medical data; User-level knowledge of implementation of epidemiologic and statistical concepts of reproductive medicine and nutrition problems
 - Example 3: To be able to run and troubleshoot special order instruments; Learn how to design and to perform up to 8 colors multi-color cytometry staining and analysis: Run cell sorting under different pressure conditions and interchangeable nozzles: Become familiar with: 96 well plate sorting: Slide Cell sorting: Micro- and nanoparticiples sorting.
- 25. Names and Title of Those Who Will Provide Daily Supervision. What are these persons' qualifications to teach the planned learning?Each person who will have supervisory responsibilities must be listed here.
 - Name, Title, Qualifications (e.g. Ph.D. in Epidemiology. Co-author of 10 peer-reviewed publications in medical journals)
 - Professor X has been a Faculty Member for 5 years, and he currently supervises a research team consisting of 10 postdoctoral fellows and 3 Research Associates
- 26. What Plans Are in Place for the Student-Intern to Participate in Cultural Activities While in the United States? American cultural activities are a requirement of the J-1 Student-Intern regulations. The expectation is that, as the host department you will provide the Student-Intern with planned, intentional American cultural experiences. It is not sufficient for the Student-Intern

to simply have incidental contact with American students or researchers at an American university.

- Examples: The Student-Intern will be invited to attend conferences/lectures in the X department; participate in department happy hours or socials (only if the student is over the age of 21); attend dinner at supervisor's home; attend concerts or film festival
- attend specific MIO-sponsored events; attend sporting events; museum visits; holiday parties; BBQ/picnic; or visiting local cultural festivals Midwest International Research Institute | 851 Parr Rd. Wentzville, MO 63385 U.S.A

Internship goals and objectives

- What will the Student-Intern learn?
- What are the overall objectives of the internship (or phase)?
- Who will supervise and how often? What are their qualifications?
 - Names, Titles, Qualifications for up to 4 people who will have daily supervision of studentintern

Cultural activities

- Requirement of J regulations
- Planned, intentional American cultural experiences
- Incidental contact does not count

- 27. What Specific Knowledge, Skills, or Techniques Will Be Learned? The response should expand on the Goals and Objectives. It should provide substantial details regarding what the Student-Intern is going to learn by the end of the internship.
 - Example: The Student-Intern will become familiar with FACS analysis, mammalian cell culture techniques, Cas9-mediated mutations, transgenic animal generation and western blots.
- 28. How, specifically, Will These Knowledge, Skills or Techniques Be Taught? Include Specific Tasks and Activities. See the English Proficiency Statement on Page 1 of these Instructions.
 - Example 1: The Student-Intern will enroll in enroll in a four-credit course. Organic Chemistry Lab. in order to learn lab techniques for organic chemistry. He will be closely monitored by a postdoctoral fellow in Professor X's laboratory. He will begin by learning and observing techniques; practicing one or two at a time and becoming proficient before adding more, and ultimately will be expected to become independent and proficient such that he can complete these lab techniques himself. There will be weekly lab team meetings with opportunities for questions and discussion.
 - Example 2: The Student-Intern will join a week-long training provided by X lab to become an auditor in introductory-level epidemiology and biostatistics courses offered to graduate students. The Student-Intern will also participate in a bi-weekly seminar at the Nutrition and Epidemiology departments. The Student-Intern will participate in the weekly and monthly meetings of Dr. X's lab research groups, at which research projects for students and post-docs are discussed.
 - Example 3: The Student-Intern will attend non-credit, departmental lectures on instrumentation and cytometry. He will assist with the calibration of equipment and fluorescent protein-based cell sorting. He will assist with multi-color cell analysis; DNA and cell analysis; and imaging cytometry analysis. He is expected to become familiar with FACS data standards, and batching analysis. We fully expect him to develop expertise through specific short-term research projects.
- 29. How Will the Trainee or Intern's Acquisition of New Skills and Competencies Be Measured? This section must describe how the faculty supervisor is evaluating the performance of the Student-Intern in light of the goals and objectives described in the training plan. The faculty supervisor is required to complete a written evaluation of the Student-Intern if the internship lasts 6 months or less, and two written evaluations if the internship is longer than 6 months. Evaluations must be in writing and provided at the conclusion of a phase and/or the Internship. ISSS has sample Evaluation forms (Mid-point and Final) that
 - Example 1: The Student-Intern's performance will be evaluated weekly by Professor X, and daily by graduate students and postdoctoral fellows working with the Student-Intern. The Student-Intern's acquisition of new skills will be measured by the research results and conclusions he draws; this will be documented as part of a final, written report that will be submitted to his dissertation advisor at Y University. He will also receive a grade in the Organic Chemistry course he will enroll in.
 - Example 2: Performance will be evaluated by the achievement of specific tasks necessary to produce a high-quality scientific manuscript. This includes evaluation of progress with analyses; generation of tables and figures; and generation of manuscript drafts. Depending on performance, the Student-Intern may also be encouraged to produce abstracts for scientific meetings based on his work. His work will be measured on a daily basis using a scale from 1 to 5. This daily evaluation will be sent to his home university and provided to him directly upon completion of the internship.
 - Midwest International Research Institute | 851 Parr Rd. Wentzville, MO 63385 U.S.A

What knowledge, skills, or techniques will be learned?

- Expand upon the goals and objectives with substantial details of what the Student-Intern should learn
- What specific tasks and activities will be taught toward acquisition of the knowledge, skills, and techniques?
 - If you are starting to think this sounds like designing a syllabus, you are on the right track.

Evaluation methods

- All Student-Interns must have a Final Evaluation
- Internships 6 months or longer also require Mid-point Evaluation
- MIRI has forms available, if desired

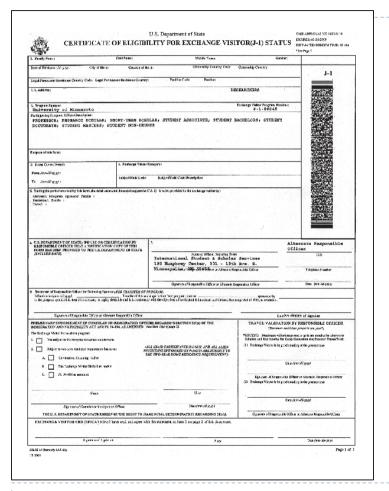

Additional, optional remarks

- Part of Step 1, Determination of Eligibility
 - Also, MIRI English Proficiency and Eligibility forms

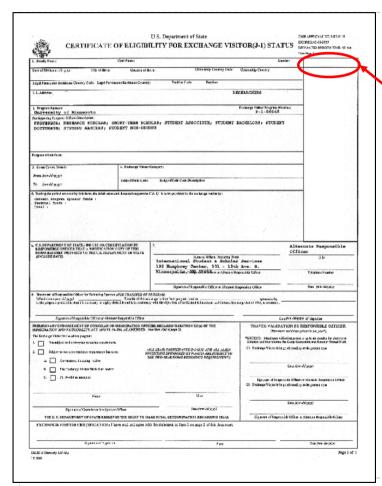

MIRI

- Reviews and approves
- Enters DS-7002 information in U.S. Department of State form
- Also enters information in SEVIS
- Prints, signs, and sends DS-7002 to Midwest Department

What is a DS-2019? Is it still necessary?

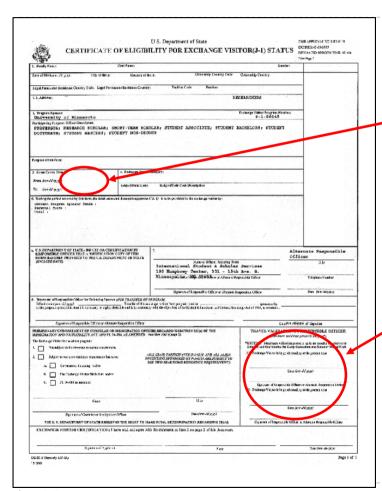

- The DS-2019 is the J-1 status document
- All J-1s (and J-2s) must have a DS-2019
- Required for J-1 visa application
- Required for J-1 benefits
 - E.g. Employment, travel, transfer, etc.

Certificate of Eligibility

- Every DS-2019 contains a SEVIS ID in the upper right-hand corner unique to each J Exchange Visitor. This ID is needed when paying the SEVIS fee.
- Dependents of J-1 Student-Interns (J-2s) must possess their own DS- 2019.

- This is where you find the program dates. Like Scholars, Student-Interns are allowed and expected to participate in the program activities within these dates. Not before and not after.
- This section is for travel/reentry signatures. Student-Interns and their dependents must have a valid re-entry signature from MIRI if traveling outside the U.S. within the DS-2019 program dates.

J-1 Regulations/Policies

J-1 Program Regulations

- English Language Proficiency
- Engage in Defined Activities
- Authorized Employment only
- Health Insurance Requirements
- 2 Year Home Residency Requirement (2 Year Rule)
- 12 Month bar
- 24 Month bar
- Patient Contact

English Language Proficiency

Past regulations

- * "The exchange visitor possesses sufficient proficiency in the English language to participate in his or her program."
 - CFR 22 62.10 (a) (2)

▶ Effective Jan. 5, 2015

"sufficient proficiency in the English language, <u>as</u> determined by an objective measurement of English language proficiency, successfully to participate in his or her program <u>and to function on a day-to-day basis</u>."

Engage in Defined Activities

- Student-Interns are here to receive training that fulfills the educational objectives for his or her current degree program at home and can not enroll in courses unless they are required on the DS-7002.
- A change of category from student-intern to scholar (or to student) or vice versa requires the individual to leave the U.S. and re-enter on a new DS-2019 that reflects the correct category.

Health Insurance

J-1 visitors and their dependents are required by law to carry health insurance that meet specific U.S. Federal regulations.

- ▶ The Midwest University requires all J-1 Student-Interns and their dependents to purchase the Insurance company regardless of the duration of their stay in the U.S.
- This is stated on the Statement of Responsibilities, which is part of the MIRI application and signed by the Student-Intern prior to MIRI issuing the DS-7002 and DS-2019. The information also accompanies these documents issued by MIRI.

Midwest Health Insurance Policy

- If the J-1 Student-Intern does not purchase the Midwest's insurance for themselves and their dependent(s), the Student-Intern will <u>not</u> be eligible for MIRI benefits. Including:
 - Travel/Reentry Signature
 - DS-2019 Extension
 - Dependent DS-2019 Request
 - Financial Update

Midwest Health Insurance Policy

If a Student-Intern's program with you is extended, s/he must also extend their health insurance coverage by contacting Office of Student Health Benefits or Human Resources

Midwest Health Ins. Requirements

J federal insurance requirements or MIRI benefits, contact:

MIRI

Midwest insurance, exceptions/waivers, contact:

- Office of Student Health Benefits (for nonemployed Student-Interns) and/or
- Human Resources (for Student-Interns eligible for employee benefits)

Two Year Home Residency Requirement (a.k.a: "2 year rule" "212e")

- If subject: Exchange Visitors (and dependents) are expected to return to their "home" countries and be physically present there for a total of two years before being eligible to return to the United States in immigrant (permanent residence/green card) status, H status (temporary workers and dependents), or L status (intracompany transferees and dependents).
- ▶ The exchange visitor who currently holds J—1 or J-2 Status and is subject to the 2—year rule is also not eligible for change of status to another visa status without leaving the United States.

12 Month Bar

- Looking ahead: considering having a Student-Intern return as a Research Scholar or Professor?
- The visitor is not eligible for program participation as a J-1 Research Scholar or Professor if s/he has been physically present in the U.S. in J-1 or J-2 status for 6 months or more in the 12-month period immediately preceding the proposed DS-2019 start date, unless the participant is transferring to the Midwest University, or the participant's presence in the U.S. was as a J-1 Short -TermScholar.

24 Month Bar

- 24 Month Bar does not apply to Student-Interns
- Any exchange visitor who comes to the U.S. for any length of time in the Professor or Research Scholar categories will not be able to come back to the U.S. in the Professor or Research Scholar categories for a period of 24 months, once his/her J-1 program has ended.

How does a department invite a J-1 Student-Intern to join them?

Step 1: Determination of Eligibility

- Faculty Mentor reads Responsibilities
- Midwest Department emails to miri@midwest.edu
- * Prospective Student-Intern Eligibility form
- * English Proficiency form DS-7002 Information Form
- Discussion with MIO
- * Upon approval, MIRI:
- * Enters DS-7002 into SEVIS
- * Prints, signs, and sends DS-7002 to Dept

Step 2: Complete and Collect Documents

- · Midwest Department:
- * Signs, scans, and emails DS-7002 to Student-Intern for review and signature
- * Completes Host Department Application
- * Writes invitation/offer letter
- Student-Intern submits to Midwest Dept:
- * Signed DS-7002
- * Financial support documentation, if necessary
- * Copy of ID page of valid passport
- * Signed Statement of Responsibilities
- * Completed and signed letter from academic dean or advisor at home university (Home Institution Enrollment Verification)
- * J-2 Dependent application and passport ID pages, if necessary

Step 3: Submit Application Packet to MIRI

- Midwest University emails to miri@midwest.edu
- * All documents in Step 2, including Administrative Fee form

How does a department invite a J-1 Student-Intern to join them?

Step 4: Final Preparation of Visa Packet Step 5: Student-Intern Visa Application

Step 6: Travel to U.S.

Step 7: Check-In at MIRI

Step 8: Health Insurance

Step 9: Apply for SSN (if applicable)

 MIRI prepares visa packet, including the DS-7002 and DS- 2019. MIRI notifies Department that packet is ready.

Department

to Student-

The Student-Intern

must have the **original DS-2019** to apply for their visa and to enter the U.S. They should not use a copy.

Intern

sends packet

- •Student-Intern pays SEVIS fee and applies for J-1 visa at U.S. consulate or embassy
- Student-Intern receives J-1 visa in passport
- Makes travel arrangements to enter the U.S.
- •Can enter U.S. up to 30 days prior to start date on DS-2019
- Must check-in with MIRI within 25 days of the DS-2019 begin date
- •Student-Intern brings all visa documents for review by MIRI
- •MIRI provides check -in information

- •For the entire duration of their DS-2019, the Student-Intern and all J-2 dependents must have either:
- •SHBP (unpaid)
- Employee plan (paid)

 Only if the Student-Intern will be paid by Midwest

•They must have a copy of the DS-7002, signed by all parties, as well.

The Host Department Application

- Midwest record
- PeopleSoft ID / EMPLID required to be created by hosting department for all prospective J-1 and J-2 regardless of appointment.
 - Consider how your department will provide the Student-Intern access to U privileges (i.e. Ucard, library access, etc.)
 - MIRI J-1 Forms page (currently under Scholars tab):

Names, Passports, Spellings - Oh My!

- Spellings should match bottom, machine-readable spelling of passport.
- ▶ Ex: Ø = OE

The Host Department Application - Dates

- ▶ The length of the DS-2019, and the DS-7002, are based on the length of the program **and** the funding available to the J-1 Student-Intern.
- Start date should be <u>no sooner than 2 months in the future</u> to allow for MIRI and consular processing.
- The Student-Intern could inquire about visa processing timelines at the U.S. consulate where she or he will apply for an entry visa (these timelines vary by consulate).
 - Student-Interns MUST be able to arrive in U.S. no later than 25 days after the start date chosen! If delay, contact MIRI to amend dates.

The Host Department Application

- Funds & Fee

- Proof of funding attached. (ex: offer letter, bank statement, scholarship or grant letter, etc.). Proof of funding must be dated within 30 days from the submission of the application and in English.
- Fee Form. MIRI charges the Midwest hosting department a document processing fee, using the Midwest system. Currently, the fee is \$295.

The Host Department Application

- Signatures

- Both the faculty mentor and the department head must sign the application. By signing, the faculty mentor agrees to be responsible for ensuring that:
 - The Student-Intern's primary activity is to receive training
 - They meet regularly with the Student-Intern to review activities and progress
 - The Student-Intern follows the steps to maintain his/her legal status
- Statement of Responsibilities
 - Must be signed by Student-Intern (scan is okay)

Faculty Mentor Responsibilities

- Final evaluations are required of all internships. If 6 months or longer, mid-point evaluations are also required
 - MIRI provides evaluation forms that Faculty Mentors can complete and sign
 - The student-intern must also sign the evaluation form
- Departments are to ensure that their incoming Student-Interns report their arrival within the time required (25 days from the start date shown on their DS-2019)
 - If you aren't sure, please ask us! Serious repercussions occur if a Student-Intern's arrival has not been reported

Faculty Mentor Responsibilities

- Extensions of stay cannot be granted if a Student-Intern has applied for and has been granted a waiver of the 2 Year Rule
- Student-Interns need to request extensions within 60 days before their current DS-2019 expires
 - This will also require a revision of the DS-7002!
- When Student-Interns end their J program early and depart the University (or when they change their immigration status), they need to inform MIRI

Faculty Mentor Responsibilities

When a Student-Intern plans to travel abroad, please make sure they visit the "Travel Information" section on our website or contact a J advisor about their intentions.

Submission Option for All Campuses

- Submit all materials in one email to MIRI

 - Step 1 Eligibility Documents
 - Subject: "Prospective Student-Intern Eligibility Documents"
 - Step 2 Application Documents
 - Subject: "Student-Intern application for [name of Student-Intern]"

Transfers of J Student-Interns

Eligibility:

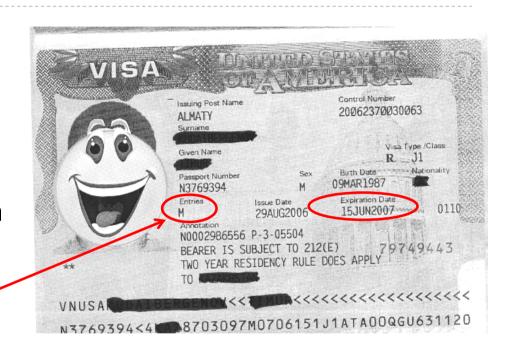

- The Student-Intern must be in the U.S. as a J-1 Student-Intern
- Their category must remain the same (i.e. Student-Intern).
- Their J-1 activities have to be a continuation of the original purpose (they must continue the training that they were doing at the previous institution.
- They cannot have been approved by the Department of State for a waiver from the 2-year home residency requirement.

Step 5: Student-Intern Visa Application

Step 6: Travel to U.S.

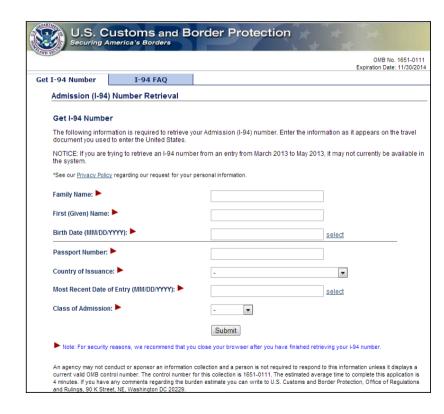

Visa Stamp

- Can expire while in the U.S. without affecting legal status
- Must be valid when entering the U.S. from overseas
- "Entries: M" = multiple entries allowed with this visa

I-94 Number (Arrival and Departure Record)

- Proof of lawful admission into U.S.
- D/S = Duration of Status, no specific end date
- Grace period after program completion (30 days)

Start

Student-Intern Check-In

- Student-Intern Check-In (within 25 days of the start date).
- Student-Interns may not engage in activities until the start date on their DS-2019.
- If paid by the Midwest, the Student-Intern needs to:
 - Visit the Social Security office to apply for SSN (if applicable)
 - Report to Midwest payroll
- If not paid by the Midwest, Student-Intern is not eligible for a Social Security Number.
- Student-Interns who enter the U.S., but do not have their program validated by MIRI within 30 days of the start date, will be considered illegally present in the U.S.

Departure Period

- Student-Interns should submit the Departure Form
- A Shortened Program DS-7002 and DS-2019 must be issued if Student-Intern's program ends more than 15 days before the end date on their DS-2019. Final evaluation must still be completed.
- Student-Interns have a 30-day grace period after the end date on their DS-7002 and DS-2019 in which to depart or to travel within the U.S. They are not allowed to be involved in any J-1 activities during the grace period even without pay.
- If the Student-Intern will not be able to complete their program before the DS-7002 and DS-2019 end date, the hosting department needs to request an extension of the DS-7002 and DS-2019 before the current documents expire. The Faculty Mentor will also be required to revise and submit a new DS-7002 before the current documents expire.

15 days before End Date 30 days after End Date

Report Address Changes

- J-1 Student-Interns are required to report address changes within 10 days of moving.
- Student-Interns will notify SEVIS by going into MIRI (if possible) and updating their personal information. MIRI will receive a notification when this has been done and will send the new information to SEVIS.
- If the Student -Intern does not have access to MIRI, they will have to request the hosting department to update the information on their behalf.

J-2 Dependents

- May apply for work authorization from USCIS
- Are subject to the 2 Year Rule if the J-1 is subject.
- Are subject to the 12 month bar if the J-1 is subject.
- Cannot remain in the U.S. after the J-1 completes their program or for long periods of time without the J-1 being present.
- May study full- or part-time.
- Must carry health insurance.
