Rep. Lindell F. Shumake
Chairman Board of Trustees

A Dynamic Challenge

Leaders of 21st century should possess the ability of application in the new environment and the new world. They should respond to it as fierce competitors in flexible and prompt ways with international intellectuals and worldwide networks.

Leaders of the future should specialize in their talents and dig into their potentials. They also should put their responsibility into practice efficiently.

To do so, they should realize this age's situation and understand deeply their lives and works as an individual or a leader. They also should be able to find God's plan, intervention, and accomplishment in their lives and works and put appreciation and sharing into practice with joy and benefit.

I'd invite you to the Midwest University Degree Program, one of the most prominent programs which will offer the field to communicate and network with worldwide leaders of intelligence, character, spirituality, and leadership and to improve adaptability for the new paradigm.

Midwest University Language School

ESL (English as a Second Language)

The mission of the English as a Second Language program at Midwest University is to give students an opportunity to develop and improve English proficiency. The multi-level offerings will attempt to enhance student abilities in relaxed, informal cultural and academic venues

Students may achieve twelve (12) transcript notation credits each semester, which do not affect either their GPA or the total number of credits needed to complete academic studies.

Admission Requirements

1. Application form for admission \$ 100 (non-refundable application Fee)
 2. A high school diploma or GED
-
1. Full time ESL Courses. 12 credits hours per semester
 2. Part time ESL Courses. 6 credits hours per semester
 3. ESL program -per week 18 hours

Curriculum

Listening and Speaking, Reading, Writing, Grammar, Intensive Pronunciation study, Introduction to American Culture, Current Events, TOEFL Preparation

Knowing English will let you:

Put "excellent knowledge of English" on your CV. Get your dream job, and earn more money.

Gain technical knowledge. English is the language of technology, especially high technology like computer science, genetics, and medicine. If you're going to read about technology, you'll probably have to do it in English.

Learn computer science. Read technical articles without difficulty. Or write your own articles!

Be a world-class businessman (or -woman). It's simple. International business is done in English. And all business today is international. So if you want to play, you have to know English — to contact other businesspeople, go to conferences, read international business newspapers and magazines, etc.

Become a better scientist. Contact scientists from other countries, go to international conferences, visit academic centers abroad. Learn about new scientific discoveries by reading papers, books, and magazines.

Use your computer more effectively. Most computer applications are in English, so you will understand them better — and become a better employee.

Learn new skills for your job. The section "Get access to knowledge" explains how English helps you learn. Enjoy art like never before
